The below short statement is the drug committee report.
The AMHA will be testing, at random, exhibited horses at the World Show for illicit use of enhancing drugs. Those owners/trainers found to be in violation of stated policy will be dealt with as to per AMHA policy.

Ron Scheuring
World Show Gelding Incentive Fund
Auction: This year we combined with AMHA Development fund. Raised $12,000. $8,500 to GIF

Started with $3400.
Add $8500 = 11,900
We NEED to up nominations. I think we need to get to approximately 160 nominations in order to give away $16,000 (our goal) and still keep 20% in the bank. Last year we had 85 nominations from 46 horses, HOWEVER 179 geldings participated at the WS.
To increase nominations, we have prepared an email to send out to members describing the program, added a line on the WS nomination form for GIF, and attached the nomination form to the WS premium.
The GIF took over the Regional Ultimate Gelding awards. We have decreased the number of prizes to 3 per Region (9 total), and changed the prize to an embroidered sheet instead of a belt buckle. The plan is to give away some cash as well, depending on the number of regional nominations. The cash would vary per region depending on nominations.

June 2019 Halter Futurity Committee Report

Website Update

- Quintin has been working with Jennifer to update the Halter Futurity page on the AMHA website and it is looking awesome! Members can visit this page to view the photos of the 2018 World Grand & Reserve Futurity Champions, Current Top Ten Sires, Overall Top 100 sires and more!

World Show Grand/Reserve Champion Photos

- Val worked with the Futurity Committee to resolve an issue with missing 2018 World Grand and Reserve Champion Futurity Photos.
  - **Action:** The Committee would like to know the staff person in the office we should work with this year to make sure the 2019 Futurity photos are included with the Photographer's other World Grand/Reserve Champion photos for future AMHA promotions.
  - **Action:** Would it be possible to feature the 2018 World Grand & Reserve Futurity Champions in the MHW E-Magazine since they were not included in the Winter issue of the MHW?

Questions for the Office

- Yearling Futurity Form – An AMHA member requested that the committee find out if it would be possible to add a check box to the weanling Registration Application to replace the current Yearling Futurity Form. This would simplify the Registration process for AMHA members and getting certificates stamped as Yearling Futurity Nominated.
  - The committee spoke with Allison at the Annual Meeting 11/2/18, and she was going to work on adding a Futurity Nominated check box to the Registration Application Form.
  - **Action:** This is still an outstanding Item. Can the office update the Futurity Committee on when we can expect the form update?

World Show 2019

- World Show Futurity Table – The Committee will continue with the Halter Futurity Table to promote our sponsors. Joanne created a Closed Halter Futurity Committee Group on Facebook and it is currently active for the committee members to communicate easily for managing this at the World Show.
- 2 Yr. Old Sustaining Forms
  - **NEW in 2019:** 2 Yr. Old Futurity Sustaining Forms will be accepted through the close of World Show Entries with an additional Late Fee of $75. Total fee would be $225
- Wine & Cheese Party – Fine Art by First Knight has agreed to sponsor the Wine & Cheese Party for the fee charged to the Amateur Committee by the venue for this event.

Thank you to our Sponsors!

The committee established a Facebook messenger group that has been utilized a lot for discussing issues facing the international community.

One controversial item in particular was the open hardship. It was not well received by European breeders because there are so many other breeds of horses under 34 that do not look like the AMHA miniature horse. One glaring example is the draft Shetland pony. So they proposed restricting the hardship to AMHR horses only. This was presented to the board at the last meeting and was to be revisited at this June meeting for a vote.

The World Show International Day will again be on Friday. The Gamblers Choice class will be held in the afternoon with donated prizes to 10th place. Horses will be solicited from AMHA participants for the international members to select by a card draw. Marilyn Meyer will order international flags to replenish our supply. Australia, England, Canada, and Netherlands, Germany.

We are still researching the possibility of establishing a national show for those countries that do not have access to a Regional Championship.

A high point system for certain areas or countries is still under discussion on how it could be done.

AMHA Show Rules Teleconference Meeting Results for the 2019 Show Rule Change Proposals Submitted by the November 2018 Convention.

There were 17 SRCP’s submitted at the 2018 General Membership Convention. Show Rules met via teleconference on February 5, 2019 for the first review/action on each of the submitted Show Rules. SRCP’s affecting other committees were forwarded to those committees. On March 5, 2019 Show Rules met for a second review of the SRCP’s and to review responses. April 10th, Show Rules met again via Teleconference for review of Committee responses and for final decision on SRCP’s. At this time it was noted SRCP 006 was not acceptable to the Committee, needing more research and input. On May 29th Show Rules met for final review and vote on SRCP 006.

In review of the four meetings, it is noted six of the 17 SRCP’s were withdrawn by the submitting Author/Committee. The Show Rules Committee rejected three of the submitted SRCPs. The remaining eight were passed to the membership via the BOD.

The following SRCP’s which were voted down previously and to be returned to sending Committee and/or author are as follows: SRCP 001, SRCP 002, & SRCP 003.

SRCP 005, was passed as written to the BOD and Membership.

SRCP 006, WS-028 Submitted by Show Rules was assigned to a Show Rules Sub Committee. Sid spoke indicating the Sub Committee could not come to an agreement and there were still many issues of concern, more research would be needed if this were to be moved forward. ShowRules voted unanimously to fail SRCP 006, WS-028 with the understanding it will be brought back to the committee in the future. At a request it was brought back at the SRCP meeting, dated May 29th and with an adjustment in wording. The rewrite passed unanimously as follows: WS-028: Once Show Officials have followed the rules for measuring the horse (GR-020), and the horse has been measured, the measurement becomes the official height for that show. The horse's height may be protested one time during the show provided the following requirements are met: The protest must be filed by an exhibitor, owner, and/or trainer of a horse in the same class or another class in that same Division qualifying for the same Championship.
The horse may be height protested prior to showing in a class and/or the protest may be submitted within one hour following any class in which the horse competes. EXCEPTION: Division Championships classes are exempt from the height protest.

If the protest follows the class, the class must be listed, the time the class ended, as well as the time the protest is submitted to the Show Official. If a protest is filed the procedures for protest measurement, as outlined in GR-050, must be followed.

The protest measurement of the horse will become the official height measurement for that show and result in adjustment of any and all awards to height requirements for that horse.

If the protest is upheld the owner, trainer and/or exhibitor of the protested horse is responsible for returning all awards and will be responsible for any costs incurred to replace awards.

SRCP 010 & 011 were pulled by author.

SRCP 012, WS-030 and PA-030 submitted by Performance Committee, delete Amateur Versatility, and add Amateur Versatility Level I and Amateur Versatility Level II was passed to the BOD and Membership unanimously.

SRCP-013, WS 030 and PA 030 submitted by AOTE Committee, requesting to add AOTE Versatility was unanimously moved to the BOD and Membership.

SRCP-014, WS-030 and PA-030 Submitted by Performance Committee, proposing a change to 32 and under driving In Classic, Country, and Single Pleasure classes. New Class designation: over 30 to 32 inches and new class 30 and under. Passed unanimously to the BOD and Membership by Show Rules.

SRCP-018, WS-030 and PA-030 submitted by AOTE Committee, request to add Level I &II AOTE Country and AOTE Level I& II Classic Pleasure Driving. Show Rules unanimously passed to the BOD and Membership.

SRCP-019, New CL (Carriage Driving), submitted by Performance Committee, The Carriage Driving Division was reviewed and unanimously approved to be moved forward to the BOD and Membership. It should be noted there are five classes total, identified and defined in numbers 5 through 9 of the proposal.

SRCP-024, New WS-043 submitted by Show Rules, Requests a copy of the Official World Show Drug test result for each horse tested along with the drug declaration form submitted to the Show Office for the tested horse be provided to the horse owner. This was unanimously approved by Show Rules to be moved forward to the BOD and Membership.

Bob Kane, Chair AMHA Show Rules Committee.
Youth Committee

The youth committee is working hard to make youth days at Worlds a great experience. We are still looking for sponsors for the youth party and just general sponsors. If interested please contact Phil Abbott or Laura Mullen.

We will be having 2 seminars this year on Friday. How to properly harness your horse and how to get the best from your halter horse. People running the seminars will be announced at a later date. Also if your interested we still need a few team leaders for the youth teams. Our youth president and her crew have some great ideas for Worlds. Please check the youth Facebook page in the next few weeks for more info.

Thanks
